STATIONERY, N. M.

CIGARETAS, N. M.
The Kansas City Stock Yards,

Kansas City, Kansas,

Are now by far the most Commodious and Best Appointed Yards in the Missouri Valley, with Unlimited Capacity for Feeding, Weighing, and Shipping Cattle, Hogs, Sheep, Horses and Mules. No Yards are Better Watered, and in none is there a Better System of Drainage.

The trains on the Kansas Pacific railway; Atchison, Topeka & Santa Fe railroad; Missouri River, Fort Scott and Gulf railroad; Leavenworth, Lawrence and Galveston railroad; Missouri Pacific railway; Hannibal and St. Joseph railroad; Missouri, Kansas and Texas railway; Kansas City, St. Joe and Council Bluffs railroad; and the St. Louis, Kansas City and Northern railroad run into these yards, giving easy access by quick and all rail routes to the great markets of the North and East, and to the great feeding grounds of Nebraska, Kansas, Missouri, Iowa, and Illinois. Buyers from those markets are always in attendance during the season, and it is acknowledged by Eastern markets that comparatively higher prices are realized here than in markets East.

All the roads from the West and South run directly through the yards, thus affording the best accommodation possible for those coming from the great grazing grounds of Texas, Colorado, New Mexico and Kansas. The company have erected a large, modern, brick Exchange Building, including twenty-four offices for commission men, office for Martin's Bank, a barber shop, saloon and restaurant.

Parties wishing to improve their stock will find bloomed stock here at all times.
